INTRODUCTION

Fred was born in Seattle, Washington in 1942 during World War II. Some say he was born with a basketball in his right hand and a baseball in his left hand. Fred Crowell was born to coach! At age 23 the young coach took over the head basketball job at the U of Alaska in Fairbanks, Alaska.

This was the beginning of a career both in basketball and personal and family counseling. These BASKETBALL and LIFE BALL skills became the foundation of one of the most successful businesses in the world, Northwest Basketball Camp; now NBC International Camps and Crowell's Life Skills.

THE BIRTH OF CROWELL U LIFE BALL & BASKETBALL WEBSITE:

In 2004 Coach Crowell began the cancer journey. He won the battle without any problems for 7 years. November 5, 2010 was a life changing day for the man who loves God, loves people and lives life to the maximum. Cancer roared back! This time the cost has been extreme at times. Life changes had to be made. The great victory is the author of the Crowell Basketball and LIFE BALL SYSTEM is not only alive but very productive.

In the years to follow it became clear it was no longer possible to be at camp week after week from late May to early August. At Jay Crowell's urging, Fred cut his travel days 70% or more. Writing became the primary, no longer the secondary tool, for Coach Fred to encourage, motivate, love and bring educational truths to students athletes, coaches, and parents. Out of this, crowellu.com was birthed.
